Program

The above-named candidate is completing a

- | | | |
|-----|----|---|
| Yes | No | Did the student’s research involve humans (i.e., surveys, interviews, focus groups, or any procedures involving human subjects)? If Yes, attached the appropriate Institutional Review Board (IRB) documentation listed below. |
| Yes | No | Did the student’s research involve live vertebrate animals? If Yes, attached the appropriate Institutional Animal Care and Use Committee (IACUC) documentation listed below. |
| Yes | No | Did the student’s research involve biohazards (recombinant DNA; infectious agents; or human blood, bodily fluids, or tissues)? If Yes, attached the appropriate Institutional Biosafety Committee (IBC) documentation listed below. |

If the answer to any of the questions is “Yes”, attach approval/exemption documentation from the appropriate body.

- Original letter of approval/exception for the project protocol
- If the original letter does not include the name of the graduate student above, also attach the letter approving the student be added to the project protocol.

Forms submitted with out the appropriate documentation will not be accepted. Master's papers, theses and dissertations will not be reviewed until this form, and documentation, is received.
